Hero's Story: Julie Kovac

Julie is the Head Cook at Maplewood Local School District. She is always looking for ways to spice up the displays and make her food look awesome. It always tastes great too. She cares tons for the students and will take time out of her day to just listen to anything they have to talk about. She is always helping her fellow coworkers and going above and beyond for herself. Maplewood is so lucky to have her as a part of their school family.
