Hero's Story: Kathy Jo Belcourt

Kathy Jo is a phenomenal school leader and helps make our school the best! She starts everyone's day with a smile, often times writing encouraging messages for our students to receive on bananas on their way through the breakfast line! Additionally, Kathy Jo notices concerns that many of the rest of our faculty/staff may not notice, such as students coming to school very hungry or sitting alone in the cafeteria. When she shares her concerns with our faculty, we are able to follow up and make sure our students are well taken care of and loved. Kathy Jo leads with her heart and treats every student at our school as if they are her own child. We appreciate Kathy Jo, and our school family is better with her in it! Woo hoo!
